Gripping your heart and touching your soul author Shavon Meyers brings life back to the art of poetry with the release of:

“QuietStorm Vol. 1 (Poeticallycomplexforwardthinkingsimplicities)”

Brooklyn, NY-November 24th 2008-Remember the feeling you had when you opened the book that changed your outlook on life? Prepare to experience that feeling once more. Poet and radio host Shavon Meyers brings to life that feeling and much more in her first publication “QuietStorm Vol. 1 (Poeticallycomplexforwardthinkingsimplicities) (108 pp, Outskirts Press, Inc, \$9.95).

From the heartache and confusion of a soldier at war, to the loss of innocence from a victim of sexual abuse, to the feeling of abandonment through the eyes of society's forgotten homeless and even the regretful state of a drug addict, Shavon takes readers through life's hardships from the point of view of every race, sex and creed leaving nothing to the imagination.

The love and passion for writing is shown not only through Shavon's ability to showcase life's harsh realities but also through her poems of love, hope, happiness, triumph and spirituality. All have been brought together in this exceptionally crafted work of art that bridges the gap between generations and inspires all who read it.

Shavon currently resides in Brooklyn NY. She is the host of her own radio show on www.thebesideshow.com and her daily thoughts can be read on her blog at <http://blog.thebesideshow.com>. A portion of the proceeds from QuietStorm Vol. 1 will be donated to The Women's Organization of Rebirth Through Healing (W.O.R.T.H.). www.youreworthit.org
